excl. VAT

- \* **NON-CONTACT HAND SANITIZING DISPENSER** \* **6x INDUSTRIAL BRASS NOZZLES** \*
- \* **370w ELECTRIC PUMP** \* **AUTOMATIC CONTROL SYSTEM** \*

As the impact of Covid-19, better known as the Corona Virus is felt across the globe, the focus is on preventing cross-contamination.

The **P-6000** does exactly that.

It provides a full body disinfection ideal for Schools, Factories and Shopping Centres.

Panelman Engineering (Pty) Ltd is a leading Engineering company with its core focus on quality and timeous delivery. Situated in Rosslyn, Panelman owns a 5000 square metre facility capable of producing 500 units monthly. Rosslyn is the perfect trading gateway between Johannesburg & Polokwane which in turn, forms a natural extension to the rest of South Africa.
